

KITCHEN VENTILATION SYSTEMS

Wall Mount Hood

XOB - MUA make-up air compliant

The Classic architectural lines that have inspired a revolution in modern hood design. Simple yet elegant a timeless design that will endure in your kitchen for years to come. Quiet and Efficient at an unbelievable price. At XO we believe that good design is something everyone can afford.

What does Make-Up Air Compliant mean?

For the last several years, codes and standards required Make-Up air for domestic range hoods with exhaust rates exceeding a certain limit. The International Residential Code Section M1503.4 and the International Mechanical Code Section 505.2 require Make-Up air for all domestic range hoods in excess of 400 cfm. State, county and local codes may be more restrictive. Always check with your jurisdiction for specific Make-Up air requirements in your area.
